-
- 30" high-pressure pipeline
 - Directly through our neighborhoods, next to our schools, businesses and places of worship
 - Public safety will be threatened
 - Woods, old-growth trees and landscapes will be destroyed
 - Duke Energy is fast tracking this project

Contact your city, state, and federal lawmakers

It may hurt you financially.

Property values throughout your community may decline because most people would prefer not to live near a known safety hazard.

And one more thing... This pipeline isn't being built for you.
